

## Leadership Luncheon Lecture

### Mayor Mufi's 12 Maxims on Leadership

Mayor Mufi Hannemann describes the leadership ideals and principles he and the members of his team practice in the management of the City and County of Honolulu, the 13th largest municipality in the United States. Hannemann developed and refined these principles during an illustrious career in business, government, and politics, a career that has taken him from the halls of alma mater Harvard University to the State Capitol during the terms of two former Hawaii governors, to executive posts with one of Hawaii's largest agri-businesses, to the White House under former Vice President George Bush, and in the service of four United States Presidents. The maxims reflect not only Hannemann's 30 years of experience in the public and private sectors and his prominent role in bridging disparate constituencies on controversial issues, but his working-class roots in Hawaii.

#### Honolulu Mayor Mufi Hannemann

A graduate of Iolani School and Harvard, Mayor Hannemann has served in the administrations of four separate U.S. Presidents: Jimmy Carter, Ronald Reagan, Bill Clinton, and George W. Bush. Before his election, Hannemann held posts as director of Hawaii's Department of Business, Economic Development & Tourism, chief of the state's Office of International Relations, and chairman of the Honolulu City Council.
